## SUMMARY

Creative Developer & AI specialist from India. B.E. in AI & Data Science, skilled in Python, React, Firebase & UI/UX. Builder of AI-driven projects (SlidesGen.AI, Repo-Block, StudyHub, Voice Chatbots), leader in tech communities, and passionate about blending creativity with analytical problem-solving.

## PERSONAL DETAILS

Current Location Bengaluru  
Date of birth September 8, 2004  
Gender Male

## EDUCATION

Graduation B.Tech/B.E. (Artificial Intelligence and Data Science)  
Angadi Institute of Technology and Management,  
Karnataka with Score 7.2CGPA in 2026

Class XII Tungal Independent PU College, Karnataka  
with 68% in 2022

Class X Excellent English Medium Primary and High School, Karnataka  
with 81.92% in 2020

## SKILLS

Web Development, UI/UX Designing, Artificial Intelligence, Firebase, AI/ML Integration, Leadership, Python & Video Editor.

## PROJECTS

### ONGOING PROJECTS

1. Comsensor-AI (Aug 2024 – Ongoing)
- Clean Stream AI: premium, low-latency audio guard for creators/streamers
  - Uses local Whisper AI + decentralized MCP Moderation Server
  - Automatically detects and "beeps" offensive language in real-time

## **2. Kannada-Voice-Chatbot (Sep 2024 – Ongoing)**

- Developing a real-time voice-to-voice AI chatbot in Kannada
- Integrating low-latency voice processing with AI responses
- Enabling natural conversational interactions

## **3. AI-Partner (Sep 2024 – Ongoing)**

- Developing a multimodal AI assistant integrating voice, vision, and sentiment analysis
- Leveraging Gemini API for real-time contextual interaction
- Focused on human-like AI communication

## **4. Desktop AI (Dec 2025 – Ongoing)**

- Created an AI desktop assistant with controlled and secure screen-level access
- Implemented restrictions to block critical system commands for safety
- Designed bounded AI interaction within user-selected screen areas

## **5. Dev-AI (Feb 2026 – Ongoing)**

- Building a modular platform to develop and test small-scale 3D games
- Integrating Unity, AI models, and multiplayer capabilities
- Enabling prompt-based game creation workflows

## **COMPLETED PROJECTS**

### **1. Vencer\_Website (Mar 2024 – Apr 2024)**

- Developed the main college event website for registrations and event management
- Streamlined user participation and event coordination

### **2. Seniors\_Farewell (Jun 2024 – Jul 2024)**

- Designed an interactive invitation experience with 3D flip animations
- Implemented using HTML, CSS, and JavaScript with smooth transitions

### **3. Event\_vista (Aug 2024 – Aug 2024)**

- Platform enabling sponsors and managers to collaborate globally and organize events efficiently

### **4. Ai\_Chotu Retail Assistant (Nov 2023 – Nov 2024)**

- Built an AI-powered retail assistant using natural language processing
- Enabled efficient interaction with product databases through text commands

### **5. SlidesGen.AI (Nov 2025 – Dec 2025)**

- AI-based presentation generator that converts content into structured slides
- Browser-based interface with customizable slide generation
- Automates summarization and formatting using AI

### **6. StudyHub (Jan 2026 – Feb 2026)**

- Developed a platform for sharing and discovering academic resources
- Implemented hybrid database architecture using MongoDB and Firestore
- Enabled seamless management of notes, papers, and exam materials

## 7. MediWEB (Feb 2026 – Feb 2026)

- Built a full-stack clinical management platform connecting doctors, assistants, and patients
- Implemented real-time data synchronization for efficient workflow
- Designed a responsive, high-performance interface in a hackathon environment

## ACHIEVEMENTS

---

### Awards & Honor

secured 5th place in National Level Hackathon 5.0  
INVADERS (24hrs).

secured 2nd Place in Inter College Competition  
INGENIOUS 2025 National Level Technical Project  
Competition.

secured 3rd Place in National level (24hrs)  
Hackathon CODEFIESTA 5.0.

**Test score** NEET (1,92,786)

### Certification Course:

Foundations of Cybersecurity (December 2024 - Present)  
Automate Cybersecurity Tasks with Python  
(August 2025 - Present)  
Google AI Essentials (December 2024 - Present)

### Major Role Played In Academics:

- Served as Head Coordinator for the Department of Artificial Intelligence and Data Science at AITM [Duration Sept 2025-Present].
- Served as Marketing In-charge for the ACM Student Chapter at AITM [Duration Sept 2023 – Dec 2024].
